1. Packing Content

Switch x 1

Power Adapter x 1

Quick Installation Guide x 1

2. Hardware Overview

WI-SG105

- Front panel

5*10/100/1000Mbps RJ45 Ports

LED Indicators

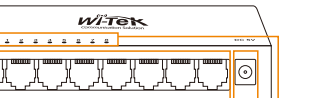

DC 5V/1A IN

- LED indicator

LED Indicators	Description
PWR	On: The device is powered on normally Off: The device is not powered on or has failed
Link Indicator	On: Port connected Off: Port disconnected Blinking: Data transmission

WI-SG108

- Front panel

8*10/100/1000Mbps RJ45 Ports

DC 5V/1A IN

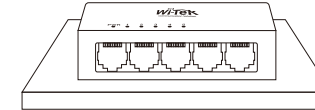

LED Indicators

- LED indicator

LED Indicators	Description
PWR	On: The device is powered on normally Off: The device is not powered on or has failed
Link Indicator	On: Port connected Off: Port disconnected Blinking: Data transmission

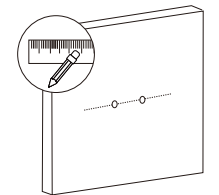

3. Installation

- 3.1 Desktop Installation

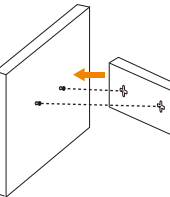

- 3.2 Wall-Mounting Installation

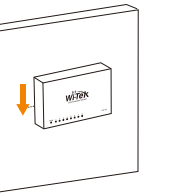

Step1. Use a marker to mark the location of mounting holes on the wall. The two mounting holes should be in the same horizontal line. The spacing between the screws matching the spacing between the two fixing holes of the switch.

- Step2. Fix 2 screws on the wall. Leave the screws at least 1.5mm outside the wall to ensure that the switch can be firmly hung on the screws. (Recommended specifications for wall mounting screws: M3*12MM, screw head ≤ 6mm)

- Step3. Fasten the switch to the screws through the two installation holes at the bottom of the switch. Place the switch ports side down, and the two sides of the switch are perpendicular to the ground.
